HOMESTAY IMMERSION

Homestay and High School in Italy

SCHOOL EXPERIENCE

Within this program, students are completely immersed in the Italian language and do not have opportunities to speak their own mother tongue: this allows a quick improvement of the language skills. Students get the unique opportunity to discover a new way of life and a new culture first hand, not like a tourist! The homestay program is the most affordable language travel!

This program is ideally suited to mature and independent students, eager to meet new people from abroad and with enough language proficiency to communicate with host family members. The pure homestay program is a true cultural exchange.

Students improve their knowledge of the Italian culture and language through active participation in family, school and community life. The program gives students an opportunity to spend a certain period of time studying at an Italian high school and living with an Italian volunteer family. Some schools organize extra-curricular activities on afternoons (Sports, Theatre etc.). Students often organize these activities themselves if they are not organized by the school.

International students go to school with their host siblings or children of the neighborhood. They attend regular classes with their classmates and participate in all school activities. This is a cultural program, not an academic program. Students should not expect to receive any grade transcript. The "scuola superiore" (high school) welcomes students from ages 14 to 19. Subjects offered depend on the type of school: Classical, Scientific, Fine Arts, Teacher Training, Artistic, Technical or Professional school. The schedule generally goes from 8:00 am to 1:00-2:00 pm. Italian students have a lot of homework to do at home.

The school year runs from mid-September to mid-June.
