

Spanish courses for Juniors in Valencia

In Valencia, we offer a great Summer language program for juniors who wish to improve their Spanish at a small and caring school. The program is designed for International teenagers from all over the world. There are 2 different age groups with each their own age-appropriate activity program.

SPANISH COURSES

There are four Spanish classes daily, lessons can be in the morning or in the afternoon depending on the activities. The Spanish lessons focus on communication skills but grammar and vocabulary will not be forgotten. 6 different levels are offered from beginner to advance.

ACTIVITIES

Every day there will be activities that include cultural visits, sports competitions, barbecues, dancing lessons, beach afternoons, or shopping.

On Saturdays, there is a full-day excursion, while on Sundays, students are free to spend the day with their hosts, or they can meet friends.

WHERE TO STAY

Students can choose to stay at a residence or with a host family (full board, breakfast, lunch, and dinner).

Host family

When you stay with a host family expect to travel up to 25 minutes to school every day. Host families are carefully selected and vetted and are known by the school staff for many years. Choose the host family option for the full Spanish immersion.

You also have the option to stay at a residence 6 minutes walk from the school. In double, triple, or quadruple rooms, with shared bathrooms, 24-hours supervision
