Italian courses for Juniors in Florence

This Italian course for Juniors in Florence offers a great mix between language classes and afternoon fun. A unique summer immersion experience in Italy. It's an opportunity for many teenagers to go abroad by themselves for the first time, and Florence is the perfect place to do just that: it is small, safe, and welcoming.

ITALIAN COURSES

We offer an intensive language program of 4 lessons per day, 5 days a week. The classes are small with 4 to max. 12 students. The lessons are interactive and designed for teenagers.

Each course includes an evaluation of Italian knowledge level, learning material, certificate of attendance, WiFi access, DVD & book loan.

SUPERVISION

Students are supervised and chaperoned by school staff during the day and by the host families at night. When they ride the train or bus to school from their host family's home, they will be by themselves or with other students who stay with the same host family.

HOST FAMILY

Students stay with Italian host families known personally by the school. The

families are trustworthy, reliable, and welcoming and will help the student fully integrate into the Italian way of living.
